Mr. Carlisle is said to be fond of solitude. The lone hand in the incoming administration, however, will be played by G. C.

A "pink butter bill" is the latest legislative fad in Missouri. It declares that oleomargarine or butterine sold in that state must be colored pink so as to indicate on its face that it is not the real article.

The Toronto Globe wants "the pension debauchery in the United States" abolished, because "to raise funds to meet its demands Canada is taxed by its excessive Tariff." The Globe evidently thinks the Democratic party will legislate in behalf of foreign interests.

First Hawaii, then Canada, then Cuba. How would this order suit the American people? It would give the United States primacy in Pacific commerce, supremacy over the North American continent, and perpetual possession of the Queen of the Antilles, the key to the Gulf of Mexico.

Not very long ago Judge Gresham was a candidate for the Republican nomination for President. Last summer his views were such that the Populists wanted him for their National standard bearer. Now The Boston Herald declares that "he is fully in sympathy with President Cleveland." Judge Gresham is a gentleman of versatile accomplishments.

The protest of New Zealand against the annexation of the Hawaiian Islands by the United States emphasizes the necessity of adding those islands to American territory. Australia and New Zealand already look upon themselves as heirs to all the land above the waters of the Pacific. This sentiment is growing stronger with the advance of years, and has been strikingly illustrated in the seizure of a portion of New Guinea in behalf of the colony of Queensland. Australia and New Zealand look with longing gaze even as far as Hawaii, and this ambition of the antipodal Britons makes it all the more the part of wisdom to take Hawaii as an American outpost in the Pacific while we have the opportunity and the Hawaiians are willing.

ALICE JAMES is able to be up again after an illness of about two weeks.

JUDGE SAUFLEY of Harrisburg has done away with the Jury Commissioners, and in the future the Sheriff will summons the Grand and Petit Juries.

Mrs. JOHN FOXWORTHY of near Mt. Carmel is reported to have died from the effects of odontalgia taken when some teeth extracted at Flemingsburg.

Lancaster County Republican.—THE MAYSVILLE PUBLIC LEDGER is one of the brightest little dailies in the state, and we scan it closer and clip from it more freely than from any other daily we receive. It is Republican in politics, live and progressive, and contains all of the news of the day in condensed form.

Uncle Tom's Cabin.

Uncle Tom's Cabin was given to the public in 1851, and it is still read because men were hesitating between modes of thought and the growing conviction felt in their innermost heart that slavery was all wrong. The book was eagerly devoured by all, high and low, rich and poor, and the effect of the impression created was felt immediately. Its great popularity has not diminished by time but has rather been enhanced by drama, and frequent production.

Ed. F. Davis's colossal spectacular Uncle Tom's Cabin will appear at Washington Opera-house next Tuesday evening, February 21st. Seats at Nelson's Prices 25, 35, 50, 75 cents.

The dispensary system of controlling the liquor traffic which is maintained in Clark county, Ga., has proved a success from at least a pecuniary point of view. Under this plan the county, operating through an agent, is the sole vendor of intoxicants within its borders. The report of the agent for last year shows that \$5,000 was spent in the purchase of liquor, which yielded a gross return of \$77,000. The net profit was \$14,000. The social effect of this system is not stated. It is not probable, however, that the dispensary idea will be adopted North of Mason and Dixon's line.

Chicago Tribune—He has become the typical American and the people's ideal all over this broad land. They cherish his memory with a love and enthusiasm they give to no other American, not even Washington. This sentiment grows stronger each year, and as time goes on his life and his service to the country will come to be more and more clear, and his simple, strong character, his faith in the people and his patriotism to be universally appreciated. Even Southern editors are dying out. EMERSON

PIANOS!

60,000 SOLD.

THESE INSTRUMENTS have enjoyed a high reputation for more than forty years, and are now the standard Musical in Tone, and afford a most agreeable and instructive entertainment. The music—symphony, quartet, solo, etc.—is admirably with the human voice.

They are Durable, being constructed of the best materials and workmanship by the Most Skillful Workmen. They have a decided advantage over pianos for keeping in tone, and also for retaining in a most remarkable degree the power of expression. Never growing thin or weary with age, they are the best instruments for agents, have received several first premiums during the past few years, and are now the best instruments invariably taken high rank whenever exhibited. Prices—Moderate.

THE PRESS Weekly Edition contains all the general news of the day, and is the best paper for the money.

For those who cannot afford the Daily or are prevented by distance from easily receiving it, the Weekly is a splendid substitute.

Chicago Tribune—He has become the typical American and the people's ideal all over this broad land. They cherish his memory with a love and enthusiasm they give to no other American, not even Washington. This sentiment grows stronger each year, and as time goes on his life and his service to the country will come to be more and more clear, and his simple, strong character, his faith in the people and his patriotism to be universally appreciated. Even Southern editors are dying out. That section is fast appreciating the noble character of the representative of the plain people, and will yet join the North in the request that his birthday shall be made a National holiday, and that each recurring February shall illustrate to the rising generations the traits of character of the great Illinoisan as well as of the great Virginian.

As an Advertising Medium, THE PRESS has no superior in New York.
